

WHY CHOOSE SARATI?

Sarati's eight **standard principles** as expressed by the company's Founders, Doug Cox and Barbara Creighton-Cox, have served as a continuing source of strength throughout our company's history; and remain at the core of who we are today.

To Manufacture safe and effective skin care and personal care products.

To Innovate new and unique products.

To Provide great customer service that is outstanding, helpful and efficient. We do what it takes to make working with us a joy.

To work with large and small companies, by offering low minimums with high volume quality.

To Create an excellent business opportunity for established companies and entrepreneurs.

To Give full recognition to our valuable employees who make up the Sarati family.

To Contribute to profit sharing with our management team towards growth and success.

To Be Aware of the obligations of corporate citizenship by contributing to the well-being of society and the environment in which it functions.

"Products that Work, Products that Restore"

We look forward to working with you.

CUSTOMER SAFETY

Customer safety is Sarati's number one priority. We are committed to safety by using only quality ingredients in all of our skin care and cosmetic products.

GLOBAL PRODUCT SAFETY STANDARD

Global Product Safety Standard means complying with applicable regulations in every country in which your products are sold. We closely monitor all existing, new and proposed regulations governing the sale of your products throughout the world to ensure that we are fully informed and in compliance with the laws.

TESTING

We perform microbiological, temperature and stability tests on all new formulations. We never test our products on animals.

CURRENT GOOD MANUFACTURING PRACTICES (CGMP)

We follow the recommendations of the FDA and our facilities are set up in accordance with Current Good Manufacturing Practices (CGMPs) and CTFA Quality controls.

ASSURANCE GUIDELINES

Assurance guidelines enable us to guarantee the consistency and quality of our products from batch to batch.

FACILITIES

Sarati uses state-of-the-art technology to fill and assemble our products.

We are able to handle large volume, mass-market runs.

PACKAGING FLEXIBILITY

Our high speed IWKA automatic tube filler and semi automatic machines are just some of our packaging options. We also fill bottles, jars and tubes. We do labeling, induction sealing, shrink wrap and more for all of your packaging needs.

IN-HOUSE AND CUSTOM FORMULATIONS

We offer over 400 tested and proven in-house formulas for private label products along with guidance on setting up Your Brand Name.

Do you want to customize a formula?

We'll do it for you.

Our experienced R&D staff will work closely with you to create your formula. The cost to develop a proprietary custom formula starts at \$2500.00.

COMPLIANCE

All products manufactured by Sarati are in accordance with local, state, & federal laws specifically those governed by the FDA and Proposition 65.
