

Collagen Peptide Serum with Snow Algae

Progressive complex with synergistic combination of Peptides, Snow Algae, and Hyaluronic Acid. May soften wrinkles and produce smoother healthier appearing skin.

A moisturizing serum that may help regenerate, moisturize, firm, and brighten the appearance of dull, damaged, wrinkled, overexposed skin.

This powerful, deeply nourishing, serum dramatically helps diminish the appearance of fine lines and wrinkles, leaving skin radiant and younger looking.

Contains natural ingredients which cause slight variations in tone and can change over time.

SP-CPS

30 ml Airless Bottle

Suggested Use: Pump small amount on fingers and pat or massage in lightly onto face and neck. Use nightly or every other day.

Suggested Precautions: For external use only. Avoid direct contact with eyes. Rinse with water if direct eye contact occurs. Keep out of reach of children. If swallowed, get medical help right away. Stop use and ask a doctor if rash or irritation develops and persists. Do not store in extreme temperatures.
