

Spot Cream

Our Anti-aging Spot Cream is designed to lighten skin and provide a healthier looking skin tone in three parts. First, natural oils and leaf extracts immediately calm and condition the skin and prevent inflammation. Second, salicylic Acid works to reverse the effects of age spots and discoloration, brightening your skin. Finally, powerful anti-pigment and antioxidant properties prevent further pigmentation, discoloration from oxidative damage and aging.

SP-SC

15 ml Airless Pump

Suggested Use: Clean the skin thoroughly before applying. Apply a thin layer to skin wherever blemishes or brown spots crop up. Gentle enough for twice daily use.

Suggested Precautions: Avoid direct contact with eyes. If contact occurs rinse thoroughly for 15 minutes with water. For external use only. If redness or irritation occurs, discontinue use. Keep out of reach of children. Store in a cool dry place, away from excessive heat and cold.

Key Ingredients: Glycerin, Aloe, Tocopheryl Acetate, Shea Butter, Tocopheryl Acetate, Rose Hip Seed Oil
