

Sunless Tanning Lotion - Dark

Sunless Tanning Lotion provides a tan without the damaging effects of direct sunshine.

Warning: This product does not contain a sunscreen and does not protect against sunburn. Repeated exposure of unprotected skin while tanning may increase the risk of skin aging, skin cancer, and other harmful effects to the skin even if you do not burn.

NTN-STL/D

Dark formulation
6 oz White Tottle

Suggested Use: Apply all over body (including the face) in a circular motion to ensure even application. Apply lightly around elbows, knees and feet. Wash hands with soap and water after application. For best results, let lotion dry before putting on clothing. Does not contain sunscreen and will not provide protection from the sun's UVA and UVB rays. Please apply sunscreen before heading outside.

Suggested Precautions: For External Use Only. Avoid contact with eyes. If contact occurs, flush thoroughly with water.
